

## What is ShareEdBC?

ShareEdBC – [www.shareedbc.ca](http://www.shareedbc.ca)

ShareEdBC is an invitation only online platform that provides Educators and Educational Contributors across the province access to curated content aligned with BC's new curriculum.

ShareEdBC aims to help users across the province share and find a collection of resources designed to support the goals of the BC curriculum. ShareEdBC is a place for BC Educators to engage, inspire and spark the imaginations of our learners.

ShareEdBC's early release is in the "Preview" phase. In preview we continue to add new features and update existing ones. ShareEdBC users will have the ability to: view, save and share their content, search and connect with educators and educational partners.

The three types of content included in ShareEdBC are ready to use resources, resources for planning, and resources focussed on professional learning.

Once invited, educators will be able to create a profile and start using ShareEdBC to view and share resources and make connections with others. See invitation example below.
