

How to Produce Audio and Video Files

Need some support on how to record audio and video files, upload them and share them out? In addition, if you'd like your students to start producing videos at a high level, then this professional learning opportunity will provide you with the tools to do this. This session is a step by step look at how to record, edit, store and share video and audio files. Participants will also learn how to manage student files using various devices.
