

Spaces EDU School District No. 60

2023-24 Pilot Project/Professional Development Opportunity

SpacesEDU is a platform where teachers can collect evidence of learning from students, build portfolios, provide feedback to students and support standards-based grading.

SpacesEDU provides a platform that aligns with the new BC Reporting Order including use of the proficiency scale, tagging samples of learning and access to reporting tools.

Please note that consideration will be given to middle school teachers first then opened to other grade levels. Grade 6 teachers need not apply as they will be introduced to the platform as part of the CWT program.

For more information: <https://spacesedu.com/en/>

Expressions of interest can be emailed to learningservices@prn.bc.ca no later than September 8, 2023.

The district will support the costs of the program and professional development. Participation is voluntary and teachers will not be paid for their time. Please note that sessions will be outside of the regular school day.
