

CHILDREN & TRAUMA

NOVEMBER 29TH 9AM-11:30AM

REGISTER NOW
afontaine@prn.bc.ca

This seminar is intended for anyone who works with, supports, and cares for children and youth.

Students come to school and carry with them a variety of different challenges, trauma being one of them. How each child responds and what they need will vary from child to child.

Understanding this can help us plan and approach these students in more effective ways.

COVERED TOPICS

What is trauma?

Impacts

Presentation

Co-morbidities

How to support
